

SNELZER TELLS OF MURDER

Sticks to Confession Made to Two Detectives

DEFENDANT GIVES ALIBI

Fetters in Lima at Time of Killing, Claim

CELINA — (Special) — Jesse Sneltzer, one of the quartet held in the murder of Ed. Moyer, Mercer-co farmer, Friday morning testified in the first degree murder trial of George Fetters, charged with firing the shot that killed Moyer on the night of August 23, 1923.

Sneltzer recounted the story he made in his confession to Detectives Eddie Gayman and Louis Rice, of Lima, telling of the visit to the Moyer farm on the night of the slaying; the chase down the lane in the darkness; how Moyer was tripped; how the shotgun was wrested from his grasp and how a charge was fired into his stomach as he lay on the ground.

Under cross examination by defense counsel, Sneltzer was grilled for an hour and denied the accusations of Fetters' attorneys that he told his mother and sisters he was not at the scene of the shooting on the night the murder was committed. Mrs. Sneltzer and daughters are to be called by the defense.

Former Sheriff George Betz, who was sheriff two years ago when the crime was perpetrated, told of viewing the body after the murder and of the unsuccessful search at that time for the murderers. Sheriff Croten was put on the witness stand.

He told of the reenactment by George Fetters, Dick Fetters, James Fetters and Sneltzer of the crime on the Moyer farm. He told of the confession obtained by Gayman and Rice and of the freedom that they exercised in going and coming from the jail. State that they have conclusive evidence that will show that Fetters was not in Celina the night of the murder, and that such evidence will free him, were made by defense attorneys.

They claim that on the night of the murder Fetters got \$5 at 7 p. m. at the B. & O. railway at Lima and got into a crap game, losing the check. One shop foreman, according to attorneys, will testify that he pulled Fetters out of bed at the B. & O. bunk shanty at 10 p. m. on the night of the murder and took him out to a wreck along the line and worked with him until midnight.

A picture of the crew at the wreck shows Fetters with the shop foreman, defense attorneys claim, and they are prepared to present it when the state finishes examining witnesses. Records obtained by defense attorneys show that Fetters was at work the day after the murder was committed.

Claims of Fetters' innocence have stirred Mercer-co farmers and the court room is jammed. Spectators collected as early as 6 a. m. Friday at the court house and many of them never leave the trial chamber until court was recessed for the day.

BOY MURDERERS ARE INDICTED

(Continued from Page One)

neither of the youths had bargained on the discovery of the body the day after it had been hidden, the finding near the body of a pair of glasses later identified as Leopold's and the father of the slain boy, furnishing in his excitement part of the directions for delivering the money.

Leopold said that thru field glasses he and Loeb watched children at play on the afternoon of the kidnapping to determine who should be their victim. Two were under contemplation when the Franks boy happened along. The intention from the first had been to kill the victim, said the confession.

RETURABLE TODAY
The true bills were voted by the grand jury exactly two weeks from the day the body of Robert Franks was found. In view of pending writs of habeas corpus for the release of the boys, the true bills were made returnable today. Formal arrest of the boys, held as suspects up to this time, is expected as they come into court today for the hearing on the habeas corpus application.

Doubt was expressed by State's attorneys as to the story of Mrs. Louise Hobly, 45, mother of three children, who yesterday filed suit for \$100,000 damages against Leopold and Loeb charging them with having kidnapped and attacked her two weeks before Franks was kidnapped. She claimed she recognized newspaper photographs of the youths. The case will come up during the August term of the superior court.

ENMITY ENDS
The enmity between the erstwhile boon companions which began when they confessed was reported terminated at the county jail where Leopold and Loeb drew together yesterday during the prisoner's exercising period and conversed with obvious good feeling.

Leopold was said to have struck a jail guard late yesterday when he was summoned to the state's attorney's office for identification by two bank clerks in connection with their testimony that he had opened an account under a fictitious name in order to establish credit for hiring the murder car. He sought to conceal his face behind his arms, crying out that his rights were being invaded by making him give incriminating evidence against himself. The guard grasped Leopold's hands to bear them to his sides, whereupon Leopold was said to have lashed out with his fists.

The state brought all available witnesses, 35 or 40, before the jury to put them on record under oath that none might change his or her testimony later.

BOTH IDENTIFIED
Among the later witnesses were the young woman and two other employees of a South Side bank, before whom the prisoners, in irons, were taken for identification. Leopold was identified as the one who opened an account under the name of "Morden Ballard" and Loeb was identified as having had an account at the bank in his own name and having withdrawn it with indications that he merely withdrew the money so Leopold could open a new account under the assumed name.

Little Rose Kreshmer, 13, child bride of Ursel Fuller, 1205 S. Main-st., is single again. A few scratches of the pen by Judge Fred C. Becker, Friday morning struck the shackles of matrimony from the child and restored her to her former identity.

Rose was kidnapped into marriage more than a year ago by Ursel Fuller, 21, laborer who took her to Augustine, Ky., where he obtained license and married the girl.

Police who were called in were forced to battle for their lives to take the child away. Fuller and two brothers assaulted the officers and almost routed them. Rose was turned over to juvenile court, where her mate made unsuccessful efforts to release her on a writ of habeas corpus.

PLAN TRIPS FOR DEMOCRATS

Chies Near New York Invite Convention Visitors

EXTRA SERVICE ARRANGED

Excursion Rates by Rail and Water Drawn Up

NEW YORK—(By Associated Press)—Altho New York city is the designated host for thousands of persons who will come here for the Democratic national convention, directors of arrangements have discovered that almost every city, town and hamlet through this sector of the Atlantic seaboard is going to share the honor of entertaining the visitors.

It appears that the man-made wonders of this metropolis, its temples of finance and art, its skyline and its stunts, are not the only attraction that is luring people from the great open spaces to the convention. For many of the queries concern the scenic splendors of this and nearby states, the historical spots to be found within a few hours' or a day's journey, the opportunities for ocean and river excursions, for trips to the noted summer resorts nearby, and to such easily accessible points of historical interest as Boston, Philadelphia, Baltimore, Washington and scores of places in between.

Railroad and steamship companies, automobile clubs, historical societies and individuals have joined toward making it easy for those who wish to venture away from the convention seat. Extra service on trains and boats is being drawn up. Pamphlets describing the historic and traditional spots of interest are being broadcast.

Historical societies are preparing to hold open-house for convention visitors at all the regularly established memorials that abound in the land of the thirteen original colonies. All the guides that can be mustered will be on duty to take tourists over famous battlefields, into the centuries-old cemeteries, thru legislative halls that once were cradles of the government, and into the antiquated structures made famous by association with famous people.

At the suggestion of Governor Smith, outing clubs have planned auto tours up the Hudson, and thru the Adirondacks, and the Catskills of Washington Irving's Rip Van Winkle. The Lake Placid club has joined this venture. The Tourists' Bureau of Montreal will seek to attract visitors to the beauties of the St. Lawrence and old Canada.

New York City, not to be outdone by outsiders, is making extensive arrangements to show off

SAYS IT IS DUTY TO INDORSE IT

Had Nearly Lost All Hope But Plant Juice Gave Wonderful Relief

IMPROVED IN EVERY WAY

"I got such genuine good results from Plant Juice that I consider it a duty to recommend it to other suffering people and let them know about a medicine that brings such wonderful relief," said Mrs. Charles Dunn, of 90 South Orange Avenue, Newark.

MRS. CHARLES DUNN

N. J., while talking with the Plant Juice Man recently.

"I had indigestion, biliousness and rheumatism and was all run down in general. My food did not digest or give me strength but would lay in my stomach and sour and ferment. I never had any energy or ambition and it was just about all I could do to get the housework done and at times, I got so weak I would nearly have to go to bed. I had terrible bilious headaches and dizzy spells from my liver, and my kidneys were disordered and caused pains across my back. The rheumatic pains were terrible and would shoot from my arms down thru my limbs. To tell the truth, I was beginning to lose hope of ever being strong and well again.

"One day at the butcher shop I heard the butcher telling how much good Plant Juice had done him and I decided to try Plant Juice. I noticed a change almost at once and now, since I have continued taking Plant Juice, I am greatly improved. It seems that my stomach has been completely purified and is now digesting my food properly and I have a sweet, wholesome taste in my mouth. Everything just tastes fine. And my liver and kidneys are active now and the biliousness, headaches, dizzy spells and pains in my back are gone. In fact, I am improved all over and have such new energy and strength that I get thru my housework in a hurry and I am sure glad to publicly indorse Plant Juice."

Plant Juice is sold in Lima at the Hunter drug store, 48 Public Square and Main and Washington streets, and at the Arroyo drug store, opposite postoffice.—Adv.

its natural as well as its artificial splendors. Many of the great private estates which line the Hudson and dot Long Island will be thrown open to parties of convention visitors as an auxiliary to the scores of public parks, botanical and zoological gardens and beaches that always are open.

At least one group of state delegates will have an ocean trip on a private yacht, a craft of speed and beauty that has dipped its prow in all the seven seas. The yacht is owned by a native of that particular state, a farmer's son who came to the metropolis and made good.

ROAD RULES ARE LAID DOWN

Lima Automobile Club Gives List of Precautions

DELAYS TO BE ELIMINATED

Watch Other Drivers' Signals is Warning

Survey of roads leading into Lima made by the Lima Automobile club reveals a list of traffic violations that are tending to prevent motorists from making full use of present highway facilities.

The faults noticed are cause of frequent accidents, add to congestion and slow down travel.

Rules for aiding in elimination of delays promulgated by the Automobile club are as follows:

Keep to the right and don't drive zig-zag; drive straight.

Drive at a safe speed taking into account weather and traffic conditions, type and width of the road, proximity of churches, schools, cross roads and railroad crossings.

WATCH PARKING

Don't park on the highway and stop traffic; pull off the road as far as possible.

Before overtaking another car, turning, stopping or otherwise changing the course of the car, give an adequate signal to other drivers.

When signalled by others obey the signal promptly. Much congestion is caused by slow drivers who do not keep their place on the road and are tardy in responding to signals from the rear.

After passing around another car do not cut in too short. Get a good way ahead before veering over.

Be sure brakes are working and will stop the car without skidding.

Observance of these rules will make driving more pleasant, particularly on Sunday when travel is heaviest.

VETERANS OF FOREIGN WARS ORGANIZE HERE

Organization of a Lima post of the Veterans of Foreign Wars has been started by Charles O. Potthast, 955 Bellefontaine-av., formerly of Canton.

All war veterans with overseas service, including veterans of the Spanish-American war, are eligible to membership. Potthast said in starting the organization here on the same basis as those in St. Marys, Wapakoneta, Greenville, Celina, Van Wert and Toledo.

The Veterans of Foreign Wars is a national organization and Ohio ranks fourth in membership. Efforts are being made to arouse interest here and organize a post so delegates can be sent to the department encampment in Cincinnati on June 25, 27 and 28.

Dr. J. E. Mulligan, of Lakewood, wood, formerly resident of Lima is reported to be critically ill at his home, with slight chance of recovery, according to advices received by friends here.

FOREIGN POLICY IS ADVOCATED

Loans Should Build Trade in Builders' Opinion

BIG MERCHANT MARINE

Cooperation of Manufacturers and Bankers Urged

BRETON—(By United Press)

Pointing to the fact that private American foreign loans since 1919 to date aggregate four billion dollars, and that others were about to be made, Franklin Remington, chairman of the Foundation Company, the largest building organization in the United States, today declared at the National Foreign Trade convention, that the policy of spending the proceeds among American industries of foreign loans placed here must be adopted.

Remington said that without such a policy the United States would not get the full benefit of its loans, as is the case with Britain and other countries making foreign loans in undeveloped countries.

He proposed as an immediate solution of disposing of the problem of using America's large stock of gold, in loans, the formation of debenture corporations composed of leading manufacturers, co-operating with bankers. He said these two would act as a controlling body over such loans. Remington said: "Foreign loans are the best means of developing foreign trade. In seeking fields for wider markets this nation naturally turns to undeveloped countries which, being without funds, have no purchasing power. It is evident, that in order to become customers, such countries must raise funds through foreign loans. It is almost invariably the rule that foreign trade follows foreign loans, and it is a well established policy of Great Britain to loan only on condition expenditures for materials are made for British products. Whether or not such a stipulation is made in the loan agreement is of minor importance, because the facts show plainly that money borrowed in Great Britain for the purchase of manufactured articles is actually spent for British products exclusively. This practice in connection with foreign loans made by Great Britain is followed by other European countries in making loans."

Japs Kill Selves Because of American Act

TOKIO—(By United Press)—One after another Japanese are killing themselves in various parts of the country, because of the exclusion clause in the American immigration bill.

Six have committed suicide by hanging or drowning or the historic hara kari, this week, leaving letters protesting against the measure. To understand this, one must consider the Japanese character and the way the people of Nippon look upon things. In the first place the Japanese regard their exclusion from the United States as a personal affront to each individual, rather than as a matter for national resentment. Each feels he has been slighted, told "You are not good enough to associate with me."

PLAN OF RETALIATION When a Japanese is insulted his highest retaliation is to commit suicide. He says "You have insulted me and I cannot live in the same world with you. I will not kill you for that would make me as low as you. I will go to my forefathers." Suicide follows.

The epidemic of suicides therefore, is the personal answer of each victim to what he feels is a personal affront. A man of 30 hanged himself to a tree in Tokio, leaving a pathetic letter addressed to Ambassador Woods about immigration. Another young man hurled himself under the wheels of a train leaving a will urging that American goods be boycotted.

An elderly man took poison, while another committed hara kari. Earlier in the week an aged Japanese committed hara kari in the grounds adjoining the American embassy, while a sixth suicide went to his forefathers by drowning.

ORA GREEN IS CANDIDATE
Lima Contractor in Race for County Commissioner

Orla M. Green, head of the contracting firm of Green & Sawyer of this city, announced his candidacy Friday for the Democratic nomination for county commissioner.

Green, a resident of Lima for the last 18 years, was born and reared on a farm in Mercer county, where his family still are farmers. He has been engaged in the general contracting business here for the last several years and is present in building the Fairview school, South high school and the Thompson garage in this city besides three other school buildings outside the city.

Green built the "million dollar" school house at Colton, near by west of his home county. This school house, the finest in this part of the country, will stand for generations as a monument to one of the county's active sons.

Green, his friends point out—and he has a strong organization back of his candidacy—is particularly fitted to make a successful county commissioner. His knowledge of general construction and contracting work, together with his knowledge of rural conditions and needs in addition to his successful business record and familiarity with city affairs, give him a combination, it is argued, that is not generally found and which is highly desirable in this important office.

LIMA WHOLESALE GROCERS ARE CLEARED IN U. S. CASE

Lima wholesale grocers cited in complaint of the federal trade commission for attempts to force manufacturers to adopt a guarantee against the price decline system in the sale of grocery products have been cleared in the dismissal of the complaint, which was against the Ohio Wholesale Grocers' Association of Columbus, of which association Lima wholesalers are members.

When the original complaint was issued over a year ago its charges were emphatically denied by the association, which pointed out that the old membership list which accompanied the complaint contained the names of a number of deceased members in every city. After this error was corrected the Federal Trade Commission found that many firms discontinued their connection with the association prior to the complaint.

CAPTAIN PRISONER

Agency and Statutory Of-
fenses Admitted

LANAZOO, Mich. — (By
Press) — The county jail
became a classroom as
a score of high school stu-
dents either held or sentenced in
connection with charges by eight
girls, studied for their
final examinations.
The boys brought their books
with them determined to pass
regardless of their present diffi-
culties.

One boy, who has been on pro-
bation for a statutory offense,
was sentenced to the reformatory
at Jonia, for from one to ten
years.

The boy, Dale Knickerbocker,
popular with his classmates,
pleaded guilty and wept when he
was sentenced, but Circuit Judge
George V. Wetmore refused to
show leniency.

The biggest sensation was the
sentencing of Garland Buck,
quack captain, to 45 days in the
county jail for contributing to
the delinquency of a minor girl
who also pleaded guilty.

Buck graduates next week and
his plea, authorities will allow
him to attend the exercises, to
get his diploma. Then he must
come back to jail.

Fifteen other boys have been
sentenced to jail for terms rang-
ing from 25 to 45 days.
Six more are awaiting ar-
rignment and more arrests are
likely, according to Sheriff Curtis
Ringle.

One Radio Set For Each Nine Homes In City

Eleven hundred radios in Lima.
Radio officials and others who
are interested in their advance
both in quality and quantity, an-
nounce these figures Friday after
carefully making a study of con-
ditions in Lima.

There are 50,000 persons in
Lima, 10,000 families in the city
and 1,100 radios. Therefore
there is a radio to every nine fam-
ilies, figures show.

Investigation disclosed that in
the southeast part of the city
few are installed. Blocks were
covered in some direction where
not a radio was found. In the
west end, however, five or six
were found in some cases within
one block.

Radios have increased more
than 100 per cent in popularity
in Lima during the past year, M.
B. West, of the Radio Shop, who
led the Lima survey, announced
Friday. As compared with 500
at this time last year, there are
1,100 now.

West states that in the sum-
mer radio sales are slow. It is
impossible to get the same dis-
tance during the summer. How-
ever, entertainment during the
warm season, tho of a small dis-
tance, is clear and free from in-
terference, he asserted.

GRADUATE NURSE TELLS HOW TANLAC HELPED MANY OF HER PATIENTS

Seattle Nurse Is Firm Be-
liever In Tanlac and
Recommends It.

"From my long experience as
a professional nurse, I do not hesi-
tate to say I consider Tanlac the
most efficient and natural stom-
ach medicine and tonic to be had.
It is undoubtedly nature's most
perfect remedy," is the far-reach-
ing statement given out for pub-
lication, recently, by Mrs. I. A.
Borden, 425 Pontius Ave., Seat-
tle, Wash., a graduate of the Na-
tional Temperance Hospital, Chi-
cago.

"I have used Tanlac exclusi-
vely for seven years in the treat-
ment of my charity patients,"
said Mrs. Borden, "and my expe-
rience has been that for keeping
the stomach, liver, kidneys and
bowels functioning properly, and
for toning up the system in gen-
eral, it has no equal."

"About a year ago I had a lady
patient who could not keep a
thing on her stomach fifteen min-
utes, not even water. I prevailed
on her to try Tanlac and after
the sixth bottle she could eat ab-
solutely anything she wanted
without the slightest bad after-
effect."

"I had another patient who
simply could not eat. I got him
started on Tanlac and by the
time he finished three bottles he
was eating ravenously and able
to work."

"These two instances that are
typical of the wonderful merits of
the medicine. My confidence in
Tanalac is unlimited."

Tanalac is for sale by all good
druggists. Accept no substitute.

AND BY SOCIALISTS

Now Taking Steps to
Force President Out

PARIS (By United Press)—President Millerand, having refused to resign at the request of the Socialists, the latter were considering ways and means to force him out today. They appeared to have a majority in the chamber of deputies in support of an extremist proposal to pass a vote censuring the president.

Meanwhile, Millerand went about the business of his office as usual. The president resumed conversations with leaders of the senate and chamber at the Elysee and it was believed he would find a successor to Pomare by evening.

Among those with whom he talked was Franklin Bouillon, who negotiated the treaty of Amiens and is now a deputy.

When Millerand declared himself for constitutionalism yesterday and announced he expected to continue in office until the end of his seven-year term, Edouard Herriot, who had been slated for premiership, merely replied that he could not accept the offer.

PARIS (By Associated Press)—"Russia" has passed out of existence, according to a notice issued by the French postal administration saying that the official name of the country is the "Union of Soviet Socialist Republics," which is abbreviated to "U. S. S. R."

The French postal officials recommended that correspondence to Russia be thus addressed.

UNLOCKED WHEEL SAVES AUTO FROM THEFT HERE

Two automobiles were stolen here Thursday night and an attempt was made to steal a third car, police were told.

A Ford touring car, owned by Dean Jennings, 1617 W. Wayne st., was stolen from W. First-st. J. D. Palmer, Columbus Grove, told police that his Chevrolet sedan was stolen from the 100 block on N. Elizabeth-st.

An unlocked steering wheel prevented the theft of a Ford owned by Bert Bunk, Gomer. The car had been moved nearly 200 yards from the parking space and abandoned when the steering apparatus failed to function.

BAND OF GYPSIES GETS ORDER TO LEAVE CITY

Lima police Thursday afternoon ordered a band of gypsies from the city after obtaining \$2.50 from one of the band who stole the money from the Fisher Purdy dairy, 12 Elm-st. Officers Sanders and Roney went to the gypsy camp after the report of the theft and after obtaining the money, the band was removed. The band left Lima on the Lima Highway toward Wapukana.

HOW FAT I WAS

And How I Lost 50 Pounds in
Weeks With Marvellous New Paris
Discovery Which Causes Sensation in New York.

Simple, Easy—Does Away With Exercise
Worthless Reducing Creams and Goggles

No one can ever believe that one so weighed over 180 pounds. I have been fat since I was a child. I was a most unattractive woman. For years I suffered until one day in Paris I discovered the real cause of excess fat. I lost it and I easily lost 50 pounds in about two months. I have never regained one pound and never felt or looked fatter. I have given out my secret to hundreds of people who have obtained the most astonishing results. If you have tried everything known to reduce and have not succeeded, if you feel so discouraged that you have decided to remain fat, NOW, THIS IS YOUR LAST CHANCE. I suffered for years with this burden of fat that I am glad to be able to help all the people by giving them a real way of reducing. I am a good drug store, get a package of SAN-GRI-NA (remember the name) take two small tablets before each meal and watch a steady decrease take place in your weight. SAN-GRI-NA not only reduces you but it acts as a general tonic, a stimulant, and a blood purifier. It is a true energy-giver. SAN-GRI-NA IS A LAXATIVE. IT DOES NOT CAUSE DIARRHEA. IT IS THE ONLY THING I EVER FOUND TO reduce me after I had tried every exercise, diet, and reducing cream and goggles. Remember this with SAN-GRI-NA I lost 50 pounds in two months. I have never regained a pound since, and my health is envied by everyone.

San-Gri-NA can be had at Baldwin's, Butler's, South Side, Daniels, Kellner's, Green's, Thompson's and Hunt's Drug stores.

THREE PERSONS INJURED WHEN PLANE CRASHES

STEUBENVILLE—Three persons were probably fatally hurt when a night-seeing airplane fell

here last night. The plane came in contact with high tension wires when attempting to land.

According to Everett Fletcher, of Stone, Ky., the pilot, who was severely injured, the engine had stopped after a long glide.

Others injured were Hazel Snyder, Steubenville, and Mervyn Potts, East Springfield, Ohio.

The plane tore down the wires and for a time the city was thrown in darkness and all industries relying on electrical

current were forced to suspend operations for 190 hours.

OPEN LETTERS

To City Officials

Dear Friends: The entrance to my city from the Elda-rd is terrible. Please have it repaired if it is your duty to do so. If it is the county's, make overtures to John Thompson, et al.

LIMA BEANE

To George Walther

Dear George: Allow me to congratulate you on the speed you are making on Main-st. If the weather man will cooperate with you a little, you'll have a brand, new thoroughfare for us before we realize it.

LIMA BEANE

To Lima School Graduates

Youngsters: You are now facing the future. There has come a halt in your progress and many of you are wondering which way to turn. Some will go to college, others will go to work at once. Which ever you do, remember that you should always do good work. Do the best you can and prepare for the big opportunity that will come to you some day. Don't stop, however. Keep on going-up.

LIMA BEANE

To Lima Grocers

Dear Boys: Your idea in giving your employees a half holiday every Thursday during the summer is a good idea. My housewives can get their orders in early and the afternoon closing will do nobody any harm. When a person works from early morning until late at night the half day of rest in the middle of the week comes in mighty handy.

LIMA BEANE

To Russell M. Kincaid

Dear Rus: Congratulations on your election as vice president of the Garford Motor Truck Co. I have been hearing some mighty fine things about the prospects of the company and I know that when the summer dullness in the business field passes away, orders in good number will flow into your company.

LIMA BEANE

To Allen-co Orphans

Dear Kids: I sincerely hope that some of the kind mothers of my city and this county listen to your pleas and take you into their homes. I have seen you youngsters on various occasions and I know that you are well trained and willing to do everything for someone who will give you the home that you should have. May each of you get just the kind of a home you have been longing for.

LIMA BEANE

To President Coolidge

Dear Cal: I thank you for signing the tax bill. Now we will know what's what for a time, even if we don't like it.

LIMA BEANE

To Mark Evans

Dear Mark: Congratulations seem to be due you, it would seem from reports emanating from Youngstown, for the thoro training given members of the Lima Kiwanis Harmonic society. A good leader cannot win prizes without attentive and

skilled singers but at the same time good singers need the guidance of a master leader if they are to be victorious time after time. The singers say the glory belongs to you; you undoubtedly would rather give them the credit. To my mind, you both deserve the congratulations of every citizen.

LIMA BEANE

To Social Service Workers

Dear Welfarers: The move you have made toward prevention of duplication of effort is to be commended. All persons who give to one organization have always feared that they were simply piling surplus aid to some persons. The round table as planned will tend to prevent giving one fairly too much aid and at the same time see to it that needy persons are cared for by the organization that can best do the work. I wish you success.

LIMA BEANE

To Chemist Cuthbert

Dear Ronald: You are to be congratulated upon your interest in the welfare of my community demonstrated in the equipping of the special room for the treatment of colds by the new gas system. I hope it will do all claimed for it. Now if you can switch it to cure hay fever, you will be forever blessed.

LIMA BEANE

To C. E. Bobenmeyer

Dear Charlie: Thanks for those street crossings being placed here and there about the city to connect sidewalks where they are broken by dirt streets. The old bricks from Main-st fit in very nicely and the new pathway will be mighty handy one of these days when my citizens have to wade thru the mud. Let's hope that all of Main-st's bricks get put to such good use.

LIMA BEANE

When a girl's eyes get dream, they need looking into.

Woman's place seems to be on the front porch. Sometimes a man won't buy a washing machine because he thinks he married one.

The Ol' Tub

(BY HAL COCHRAN)

'Tis the middle of the morning and the house is all a-bum, as the dishes and the kitchen work are dropped. From a tiny baby's nursery little walls and hollers come. It's no wonder that all other things are stopped.

Mother rushes in to get him and he gurgles loud with knee 'cause he knows that she will lift him from his bed. Soon he's yawning and he's stretching and he's happy as can be. Then he's snuggled in his baby cart and fed.

While the youngster drains his bottle mother fixes up his tub. It's a portion of the routine of the day. Fuzzy towels are hanging handy for the tot must have his rub after splashing half an hour or so away.

Now the morning bath is ready and the youngster takes his plunge and perhaps some soapsuds get into its eyes. Water trickles down its shoulders from a fluffy, squeeze sponge. Now and then the tot is startled and it cries.

Years may pass but Mom remembers 'bout the tub that used to be; the tub that used to sit upon a chair. It recalls the baby's play days as a tiny tot, you see, and the memory's one of sentiment that's rare.

Afoot thru the town, being cheered by a window sign reading, Cheerful Credit. Now, if on the other window, would add, Patient Paying.

Charlie Gordon, the well dressed merchant prince, gave me gay greeting cozed, probably, by the brave sunshine flooding Main-st.

Came the sad news of the quick passing of a genial soul, Connie Hershberg. Howbeit, what a peaceful, easy way to go, when go we must.

Up, and down and around the store section. With its pleasing windows, Campus togs and Hart Schaffner & Marx. Pretty tan shoes. The lingerie of Feldman's.

Earl Ludwig, who now has Hughie Matthews on his Washington trail. Dr. Jonathan Yail, colleague on the Board of Trustees, of historic Miami University. Albeit, unable to accompany him to this, the one hundredth annual meeting of these educators.

Once in Wapak, saw Gus Brown, the banker. Then with my sister in the wagon, to St. Mary's, taking refreshments. Waved greetings to the Hon. John L. Sullivan, the eminent scrivener, and politician. Albeit, he did not know me. Later home, to find Dee arrived from the south, and gave her severe lecture. On her dilatory ways, putting her to mending my undies, as penance.

In the evening, came Miss Weadock, the French authority, soon to flit away to college faculty life, in the wondrous Ozark mountain tains.

LIMA NEWS HEALTH SERVICE

By DR. WILLIAM BRADY

MAY OR MAY NOT EAT

Of course I know, typewrites a correspondent toward the end of a long letter, where, by the way, I always look first to make sure the letter is properly signed, of course I know you cannot diagnose or prescribe for a case like this without having personally examined the patient, but I thought you might be willing to tell me what the patient should eat and what she should not eat.

This is typical of many such requests.

It seems that there is a popular notion that even if medicines or "prescriptions" cannot be properly labelled "good for" this or that disease without regard for the individual circumstances, still some kind of cut and dried "diet list" is properly so labelled and used.

I think I know how this particular popular delusion came about—not that all medical delusions arise in the same way. I think that a few easy going or easy moving doctors have worried along without adequate waste basket equipment and consequently a good deal of the rubbish which comes to a doctor via third class mail—nowadays some lar delusion grew, and now has found its way carelessly into the hands of patrons who perhaps picked up the interesting little booklet or the excellent imitation of a medical journal from the doctor's reception room table. In such places the diet lists have always been featured. May eat; may not eat. All the lazy or incompetent doctor had to do was tear off the slip and hand it to the patient, if he happened to be that kind of patient. In this way, I suspect, the popular 2 2 2 2 2 on grew, and now it seems to be a widespread notion of the laity that diet lists are ready made and labelled with their respective diseases.

An up to date bit of encouragement is given the delusion by the practice of at least one big life insurance company, which has lately established for the use of its policy holders, if they desire it, a sort of free health service station called longevity service, which provides, among other things, "approved dietary lists." This would seem to indicate that there are approved lists ready made diets labelled with the disease conditions they are "good for." Just who approves the list is not explained in the company's announcement to policyholders. Perhaps Dr. Bunker and Professor Hoke.

In the dear old days when "uric acid" held its sway, and bunions were bold, and nights were cold, and night air bad, and chest protectors thick, and does a dain sight queerer people

JUST FOLKS

BY MINNIE A. JONES

A FLEA

Grant me to close the day without regret:
Let me not into careless conduct fall,
Gaining my little purposes, and yet
Wishing some hasty words I could recall.

Increase my stock of patience, Lord, I pray!
Let me not whimper loudly at my care;
Let me take pride at evening in the way
I met the trials which were mine to bear.

Teach me to play the man in little things,
To suffer disappointments when I must,
To brave the irritation failure brings,
And still be kind and generous and just.

Let me not stain my victories with hate;
When night comes on let me look back and see
In all that I've accomplished, small or great,
Nothing which brings regret or shame to me.

TERTAINMENT ARRANGED
cial Committee is Placed in Charge
LEVELAND—(By Associated Press)—More women delegates alternates will attend the national Republican convention here than ever attended a political gathering in the past, Chairman Mulvane, Kansas, chairman of the national committee on women, announced here today after a survey of election results in several states.
Eleven states will send six or more women delegates at large. This number is in addition to the regularly elected delegates and alternates numbering more than four hundred from congressional districts. The list is also exclusive of West Virginia.
California sends four delegates at large. Tennessee, New Mexico and Montana send each one delegate. Rhode Island, Massachusetts, Nebraska, Nevada, New Jersey, New York, North Dakota, Ohio, Oklahoma, Rhode Island, Washington, Utah, Vermont, Maryland and two each from Arizona, Arkansas, Colorado, Idaho, Illinois, Indiana, Michigan, Minnesota, Missouri, Pennsylvania, Virginia, Wisconsin and Oregon send one each.
ENTERTAINMENT PLANS
View of the large number of women who will attend the convention, the special women's committee has arranged entertainment not only for women delegates and alternates, but for wives, friends, newspaper publishers, correspondents and women who cover the convention. Post rides on Lake Erie, camp trips, receptions, teas, golf tournaments at the golf clubhouse and trips to the horseback and moped have been arranged.
Nellie M. Clapp, Cleveland, chairman of the women's committee, said the women's committee will include Mrs. Leonard Wood, Pittsburgh, secretary, and Mrs. Harriet Tamm, Washington, D. C., vice chairman. The Republican national convention will be held in Philadelphia from July 1 to September 1.

The train cost a fortune, the car used as the king's drawing room having been wonderfully furnished. The tables are of marble and the chairs of blue velvet.

OPEN LETTERS

To City Officials

Dear Friends: The entrance to my city from the Elidard is terrible. Please have it repaired if it is your duty to do so. If it is the county's, make overtures to John Thompson, et al.

Dear George: Allow me to congratulate you on the speed you are making on Main-st. If the weather man will cooperate with you a little, you'll have a brand, new thoro-fare for us before we realize it.

LIMA BEANE

To Lima School Graduates

Youngsters: You are now facing the future. There has come a halt in your progress and many of you are wondering which way to turn. Some will go to college, others will go to work at once. Which ever you do, remember that you should always do good work. Do the best you can and prepare for the big opportunity that will come to you some day. Don't stop, however. Keep on going-up.

LIMA BEANE

To Lima Grocers

Dear Boys: Your idea in giving your employees a half holiday every Thursday during the summer is a good idea. My housewives can get their orders in early and the afternoon closing will do nobody any harm. When a person works from early morning until late at night the half day of rest in the middle of the week comes in mighty handy.

LIMA BEANE

To Russell M. Kincaid

Dear Rus: Congratulations on your election as vice president of the Garford Motor Truck Co. I have been hearing some mighty fine things about the prospects of the company and I know that when the summer dullness in the business field passes away, orders in good number will flow into your company.

To Allen-co Orphans

Dear Kids: I sincerely hope that some of the kind mothers of my city and this county listen to your pleas and take you into their homes. I have seen you youngsters on various occasions and I know that you are well trained and willing to do everything for someone who will give you the home that you should have. May each of you get just the kind of a home you have been longing for.

LIMA BEANE

To President Coolidge

Dear Cal: I thank you for signing the tax bill. Now we'll know what's what for a time, even if we don't like it.

LIMA BEANE

To Mark Evans

Dear Mark: Congratulations seem to be due you, it would seem from reports emanating from Youngstown, for the thoro training given members of the Lima Kiwanis Harmonic society. A good leader cannot win prizes without attentive and

skilled singers but at the same time good singers need the guidance of a master leader if they are to be victorious time after time. The singers say the glory belongs to you; you undoubtedly would rather give them the credit. To my mind, you both deserve the congratulations of every citizen.

LIMA BEANE

o o o

To Social Service Workers

Dear Welfarers: The move you have made toward prevention of duplication of effort is to be commended. All persons who give to one organization have always feared that they were simply piling surplus aid to some persons. The round table as planned will tend to prevent giving one fairly too much aid and at the same time see to it that needy persons are cared for by the organization that can best do the work. I wish you success.

LIMA BEANE

o o o

To Chemist Cuthbert

Dear Ronald: You are to be congratulated upon your interest in the welfare of my community demonstrated in the equipping of the special room for the treatment of colds by the new gas system. I hope it will do all claimed for it. Now if you can switch it to cure hay fever, you will be forever blessed.

LIMA BEANE

o o o

To C. E. Bobenmeyer

Dear Charlie: Thanks for those street crossings being placed here and there about the city to connect sidewalks where they are broken by dirt streets. The old bricks from Main-st fit in very nicely and the new pathway will be mighty handy one of these days when my citizens have to wade thru the mud. Let's hope that all of Main-st's bricks get put to such good use.

Afoot thru the town, being cheered by a window sign reading, Cheerful Credit. Now, if on the other window, would add, Patient Paying.

Charlie Gordon, the well dressed merchant prince, gave me gay greeting cozed, probably, by the brave sunshine flooding Main st.

Came the sad news of the quick passing of a genial soul, Connie Heishberg. Howbeit, what a peaceful, easy way to go, when go we must.

Up, and down and around the store section. With its pleasing windows. Campus tops and Hart Schaffner & Marx. Pretty tan shoes. The lingerie of Feldman's. Earl Ludwig, who now has Hughie Mathers on his Washington trail. Dr. Jonathan Vail, colleague on the Board of Trustees, of historic Miami University. Albeit, unable to accompany him to this, the one hundredth annual meeting of these educators.

Lunched with my wife, poor wretch, and after some argument, inveigled her to benzine with me. To Wapak, to meet a sister coming by train. So, away down the

paves, and thither skied, betimes, on the Collett-st roller coaster, which the Kommish has not yet operated upon.

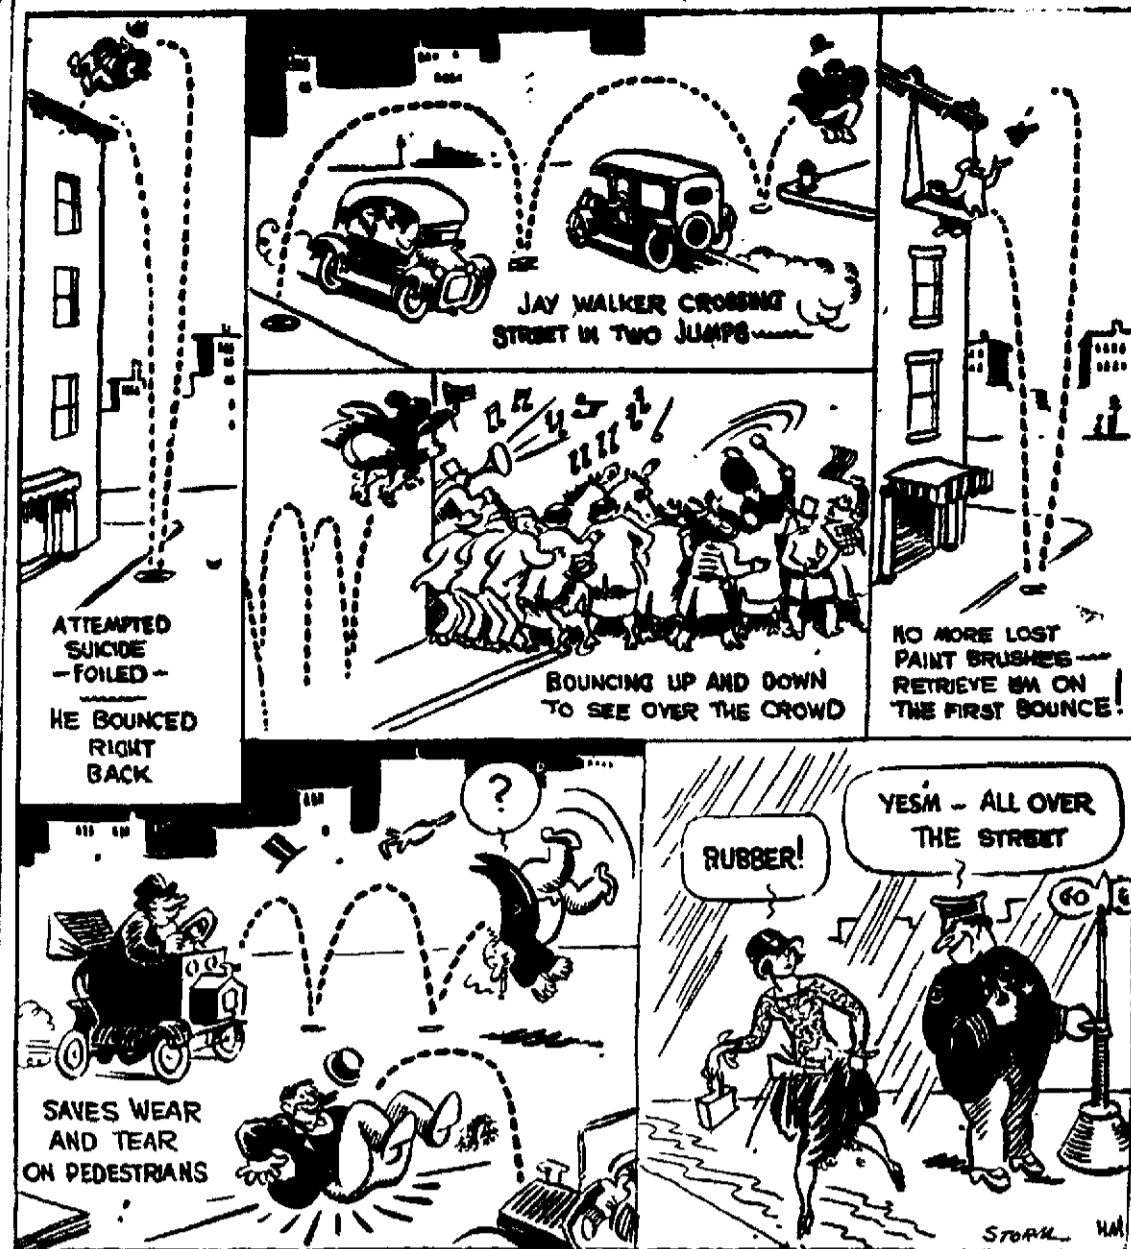

Once in Wapak, saw Gus Brown, the banker. Then with my sister in the wagon, to St. Marys, taking refreshments. Waved greetings to the Hon. John L. Sullivan, the eminent scrivener, and politician. Albeit, he did not know me. Later home, to find Dee arrived from the south, and gave her severe lecture. Or her dilatory ways, putting her to mending my undies, as penance.

In the evening, came Miss Weadock, the French authority, soon to fit away to college faculty life, in the wondrous Ozark mountain tans.

After trying a taylor where the ladies all drifted into the living room for their coffee and cigarettes, left them smoking. Thence to work awhile on the refrigerator, but could find no fire. Tho the ice melts quicker than I ever did see.

In the publick papers, the rich, they say, are getting richer. Tho no mention made of the poor. Who seem to be everywhere about. So, in some content, early to bed.

MAY OR MAY NOT EAT

Of course I know, typewrites a correspondent toward the end of a long letter, where, by the way, I always look first to make sure the letter is properly signed, of course I know you cannot diagnose or prescribe for a case like this without having personally examined the patient, but I thought you might be willing to tell me what the patient should eat and what she should not eat.

This is typical of many such requests. It seems that there is a popular notion that even if medicines or "prescriptions" cannot be properly labelled "good for" this or that disease without regard for the individual circumstances, still some kind of cut and dried "diet list" is properly so labelled and used.

I think I know how this particular popular delusion came about—not that all medical delusions arise in the same way. I think that a few easy going or easy moving doctors have worried along without adequate waste basket equipment and consequently a good deal of the rubbish which comes to a doctor via third class mail—nowadays some lar delusion grew, and now has found its way carelessly into the hands of patrons who perhaps picked up the interesting little booklet or the excellent imitation of a medical journal from the doctor's reception room table. In such places the diet lists have always been featured. May eat, may not eat. All the lazy or incompetent doctor had to do was tear off the slip and hand it to the patient, if he happened to be that kind of patient. In this way, I suspect, the popular "may or may not eat" grew, and now it seems to be a widespread notion of the faty that diet lists are ready made and labelled with their respective diseases.

An up to date bit of encouragement is given the delusion by the practice of at least one big life insurance company, which has lately established for the use of its policy holders if they desire it, a sort of free health service station called longevity service, which provides, among other things, "approved dietary lists." This would seem to indicate that there are approved lists ready made diets labelled with the disease conditions they are "good for." Just who approves the list is not explained in the company's announcement to policyholders. Perhaps Dr. Bunkum and Professor Hoke.

In the dear old days when "curie acid" held its sway, and bunions were bold, and nights were cold, and night air bad, and chest protectors thick, and does a darn sight queerer people

COLDS CATARRH ASTHMA

Stop suffering! The wonderful new "HALO" (medicated gas inhalation treatment) which created a sensation in Europe and is now sold for first time in this country, gives glorious relief almost instantly. Harmless, simple, pleasant, convenient. Benefits through inhalation of highly scientific medicaments. Lasts for months. Only \$1.00 at Green's, Marmon's, Thompson's, Greenland's, "Every-body's" or any good drug store. Get set today.

than they are today, quieter and maybe wiser but yet poorer, too, then, perhaps, a diet list was almost as good as a massage or having one's X-ray picture taken. Anyway people probably paid a shilling or two for them. Likewise when Mrs. A. D. Vance went to the city and consulted the great specialist, who told her she must never again eat any starchy things, the diet list was a seven

days wonder and there are people who still try to imagine they're avoiding "starchy" foods. That gas, and all that. Then in the heyday of the great stomach specialists—there are none now, but they used to flourish when the 57 varieties of "indigestion" and "dyspepsia" were negotiable entities—in those comfortable days—for doctors—diet lists were all the go, no, no stomach specialist would think of trying to practice without stacks of 'em. Maybe they were useful, at that, to keep patients from worrying about what ailed them.

JUST FOLKS

BY MONIA A. QUINCY

A PLEA
Grant me to close the day without regret.
Let me not into careless conduct fall,
Gaining my little purposes, and yet
Wishing come hasty words I could recall.

Increase my stock of patience, Lord, I pray!
Let me not whimper loudly at my care;
Let me take pride at evening in the way
I met the trials which were mine to bear.

Teach me to play the man in little things,
To suffer disappointments when I must,
To brave the irritation failure brings,
And still be kind and generous and just.

Let me not stain my victories with hate;
When night comes on let me look back and see
In all that I've accomplished, small or great,
Nothing which brings regret or shame to me.

"I read an advertisement for Cuticura Soap and Ointment and sent for a sample. It helped me so I purchased more, and after using five boxes of Cuticura Soap and five boxes of Cuticura Ointment, I was healed." (Signed) Miss Mackey, R. D. 6, Helmer's River View Ave., Warren, Okla. July 7, 1923.

70 OLD CONTRACTS ARE RESCINDED BY COUNTY

More than 70 contracts for hauling stone on the roads, some of which date back to 1918, were rescinded Friday by the county commissioners.

In nearly all of the contracts, the stone has been hauled, but a small balance of money allotted for payment remained. This money was not available for use, as long as the contracts were in existence.

Action of the commissioners in

canceling the hauling contracts will release several hundred dollars for use in improving country roads.

The LAND OF FORGOTTEN MEN

by Edison Marshall

BEGIN HERE TODAY

She had always been a good sailor, and the ten-day cruise to Squaw Harbor possessed real pleasure for her. In the first place it was a complete rest for her tired nerves. She slept long in the morning, ate simple, well-cooked food at regular hours, walked the deck with Ivan or with the friendly ship captain, and spent the day at her ease on the long deck.

Sometimes Dorothy thought that he was struggling with something akin to actual fear. He seemed troubled rather nervous; and it was not like this brave man to be appalled by the natural perils of the journey.

"The morning of the eleventh day she awakened to find herself in Squaw Harbor, the first lap of the journey done. After break-

fast, she went ashore with Ivan to make final plans for the launch trip to the north coast of the mainland.

She was immensely pleased with Bradford's arrangements. The Warrior would carry her straight to the scene of the wreck, he said; then the boat would lie at anchor outside until a dory could be put ashore and the casket unearthed and brought aboard. This accomplished, she and her party would be transported to Seward, whence they could catch the Admiral back to Seattle.

"I've got you three good men for your labor," he told her— "with that kindness and courtesy toward strangers that is the tradition of the North." "Your head guide is Pete," he was wrecked on the Vigten and knows approximately where the Jupiter broke up. Then you have Fortune Joe and Nick Pavlov for general labor—packers, we call them— "as good men as I could find."

"I'm sure they will be satisfactory," Dorothy commented. "And what odd names your Alaskans have."

"There are some queerer ones than that, if you just give me time to think of them. Fortune Joe is a native medicine man, and laugh if you like, the things he can do are not easily explained away. Of course, it is some kind of psychic power, but don't ask me what. Nick Pavlov, however, is an Indian of another skin."

"He'll interest you," Mrs. Newhall. "He calls himself a priest, and the truth is that he has some sort of a vague, hereditary claim on the office. You see at one time this was Russian territory and the entire native population

was members of the Greek church. This Pavlov is part Russian—he is the grandson, in fact, of a more or less discredited Russian priest, but the rest of his blood is native. However, the natives accept him, know to him; he officiates at funerals and has some sort of a vested right to marry people."

"Pete will be with you until you have the casket safe on board, then he intends to leave the party, take his grub and his traps, and go into the interior for the winter. Wait an instant—I'll bring him in and introduce him."

Pete, waiting outside, had dreaded even as he had longed for this moment.

Though he had thought of little else for weeks he was not quite prepared for the first sight of the slender girl framed by the window and the sea. Here she stood, the same woman he had left, the same witchery in her eyes and her smile.

He could no longer remember that he was Limejuice Pete. He had come in awkwardly fumbling his hat; but now he was staring, unable to speak, risking instant exposure by the white flame in his face. Yet there was no glimmer of recognition in Dorothy's manner. She smiled graciously, as always to the lowly, looked with keen interest into his bearded face, then stretched her hand.

Pete bowed awkwardly, then took the proffered hand; and its touch sent a violent electric shock throughout the intricate system of his nerves.

He dropped her hand instantly, then turned to face Ivan. The latter bowed courteously enough, but did not extend his hand.

And Dorothy who had watched with deep interest, felt a dim, queer, inexplicable stir of resentment.

PETE BOWED AWKWARDLY, TAKING THE PROOF-FERRED HAND.

CHAPTER VI

Dorothy Meets Pete

As he wondered at the fate which fate was leading him to meet with exultation was not that his dreams had been false. He had been up by false hopes. He had been where he stood, his limitations. He knew, first that Dorothy must never know his identity. She must be permitted to receive the hint of the truth; that the body in the casket was not her husband. Her happiness depended upon vision to him—was the one of his life.

THE TANGLE

An Intimate Story of Innermost Emotions Revealed in Private Letters

LETTER FROM JOHN ALDEN PRESCOTT TO LESLIE PRESCOTT.

DEAREST:

I miss you, miss you, dear, very much, and I think you might have written me more than one letter. I don't want you to get into those morbid feelings that you wrote me about. You're not going to leave little Jack and me. If you did we would both trot right after you and bring you back, no matter if you had sailed across the Rixer Styx.

Between you and me, dear, I do, not believe that Dick Summers will ever marry Paula Turner. In the first place, I don't think Paula will ever marry any man except he be one of great wealth; and secondly, I do not think she wants to marry now. She is too much taken up with her work.

That was rather a smart epigram of Sally Atherton's, wasn't it, dear, to the effect that "hypocrisy is the attribute that animals take on with their souls." She is a very bright woman, and she amuses me more than I can tell you. You bet I won't let her go back to your father if I can keep her, for I don't mind telling you that I don't think he has any possibility I would have gotten that last million and a half advertising contract if it hadn't been for her copy. It's corking!

Don't let Alice get your goat. I like you plump. I never liked these skinny women; and what- ever men may enjoy in the women who vamp they certainly do not enjoy their wives to be anything less than a comfortable sort of a woman, a woman whose very figure invites you to restfulness and repose.

I don't believe, however, that you're gained more than five pounds since we were married, and I thought if anything you were a little thin then. You're exactly right, dear. I wouldn't have you lose an ounce. I don't quite understand how

DETROIT — (By Associated Press) — Thirteen fine golfers were within six strokes of each other in the contest for the national open golf championship when the final 36 holes play was started at Oakland Hills Country Club with the possibility that any one of them might furnish the day's play with a score that would carry away the title.

Bobby Jones, Atlanta amateur, defending his title, and Bill Mehl,

Only one stroke behind the defending his title, and still in pair was Cyril Walker, of New York, who twice played the hole yesterday in 36-39-47. One stroke further back came Bobby Cruikshank of New York and Dave Robertson of Detroit, the former bent on duplicating his feat of the year by tying Jones for the title. Both Macpherson and Cruikshank scored a par on the 6-880 yard links Thursday, one stroke better than Jones' score around. Another likely bidder for chief honors was MacDonald Smith of San Francisco, who yesterday

clipped three strokes off par for the second nine and Abe Espinoza, also of San Francisco, who set a course record of 71 in the afternoon and finished only four strokes behind the leaders at the half way mark despite an eighty in the morning.

Another contender who might easily surge to the front was Walter Hagen, former American and British open champion, who had a pair of 75's to his credit when he started Friday's rounds. The other stars who were in close

striking position for the lead were Tom Kerrigan and Mike Brady of New York with 152 each and Clarence Hackney, Atlantic City. James West and T. D. Armour of New York with 153 each.

Congress Rushes Work for Adjournment Tomorrow

NAVY MEASURE PASSES

Reclamation Proposal Also Adopted in Senate

WASHINGTON — (By Associated Press) — Congress called toward adjournment today into quieter waters than customary at such times, having disposed, one way or another of most of the major problems that threatened several days ago to make its last hours hectic.

The reclamation bill, passed last night by the senate as a rider to the deficiency appropriation measure, had preferred status today in the house while further efforts to get farm relief action with the Norris-Sinclair bill were advanced by some senators, but with little hope of success in view of the failure yesterday of the farm bloc to agree upon an emergency proposal.

The house also had before it today the Hoch resolution for an interstate commerce commission investigation of freight rates looking to a downward revision of tariffs affecting agriculture.

A majority of the senate oil committee was ready today to ask for a vote on the report prepared by Senator Walsh, Democrat, Montana, as approved yesterday at a meeting from which all of the organization Republican members were absent including Senator Spencer, Republican, Missouri, who said at least three of them would refuse to sign it.

In addition to passing on the

reclamation measure, which embodied recommendations made by the interior department's fact-finding commission, and the \$200,000,000 deficiency appropriation bill carrying funds for the soldier bonus and a \$16,000,000 amendment for income tax funds, the senate yesterday also disposed of the naval modernization bill designed to bring the American sea forces up to the 5-5-5 ratio agreed upon at the Washington arms conference. This measure now goes to the president.

Much of the senate's time yesterday was taken up with an acrimonious discussion of the activities of the Daugherty investigation committee, which ended with adoption of a resolution proposed by Chairman Brookhart, calling upon the attorney general to appeal from the decision of the federal court at Cincinnati releasing M. S. Daugherty, brother of Harry M. Daugherty, on a writ of habeas corpus after he had been taken into custody in pursuit of a senate subpoena.

RESIDENTS OF SOUTH PINE STREET SHOW INTEREST

Mrs. Gruner Now Tells Her Experiences

"This medicine Peppen that is being introduced at Hunter's Drug Store has surely been a good thing for me," said Mrs. N. Gruner of 744 South Pine Street.

"For some months I was troubled with a weakened condition of the stomach. After my meals I would have severe pains in my stomach. A gas would form which seemed to press up against my heart and also rise up in my throat. I felt depressed and tired nearly all of the time.

"At night, particularly, I would have these attacks of gas. They would often keep me awake until almost morning.

"Peppen was very highly recommended, so I went to Hunter's Drug Store on The Public Square and got a bottle of the preparation. I began taking it just before my meals.

"Now I am in fine condition

again. I can eat a good meal and never do have any bad after effects. I have more life and energy than I had all winter. Peppen is surely a splendid tonic."

CAUTION: The genuine Peppen is packed in a white and blue carton and may be obtained in Lima only at The Hunter Drug Stores, 49 Public Square and cor. Main and Wayne Sts. and The Argonne Store. Peppen stores in nearby towns are:

NEW YORK.—(By Associated Press)—Short covering operations imparted a firm tone to stock prices at the opening of today's market with popular industrials advancing moderately on initial transactions. Public utility shares continued in demand, West Penn Power and American Water Works moving up briskly. Uncertain trade conditions contributed to heaviness of closing and some of the motor and sugar shares.

Subsequent trading closely paralleled yesterday's price movements as railroad and public utility shares forged ahead while industrial issues were depressed by increased offerings. Buying of the rails, accelerated by an improvement in car loadings, was most effective in the eastern group. Central of New Jersey bounding up four points to the day's best price at 27 1/2. The southwestern division, both Missouri Pacific preferred and Katy preferred established new 1924 high levels. A drop of 1 1/2 points in Marland Oil had a re-warding influence on the oil shares, Cosden, Texas Company and Phillips dipping to the year's lowest levels. Producers and Refiners and Pan-American B. re-duced about a point, but Pierce Oil fended off an exception, ending 1 1/2 points. Foreign ex- change was steady.

Reactionary tendencies of the oil shares were accentuated by the second reduction in midcon- tinent crude oil prices within a month, many issues breaking to the year's lowest levels. Atlan- tic Refining dropped almost three points and the Standard Oil suffered moderate recessions. Bear elements encouraged by the lack of resistance to selling pres- sure in this group, extended oper- ations to sugar and chemical stocks and a variety of specia- ties. American Sugar preferred broke four points and South Por- to Rican and Cuban Cane pre-ferred were hammered down as a result of the weakness of raw and refined prices. Low-priced rail shares however, maintained a strong tone, several issues scoring sharp advances. Missouri Pacific and Katy issues shared the leadership, selling at the year's best prices. Irregularly developed in the public utility section as West Penn Power yielded on profit-taking while American Water Works six per cent preferred and International Telephone jumped about four points, each to new 1924 highs. Call money opened at 2 1/4 per cent, the lowest renewal rate since June 1922, and then fell back to 2 1/2 per cent.

Stock prices turned reactionary today as a wave of short selling engulfed many representative shares. An early advance in public utility and railroad issues was checked as selling pressure against industrials grew heavier. More than a score of stocks in- cluding U. S. Steel, established new low records for the year. Sales approximated 600,000 shares. The closing was heavy.
